

MONTHLY RAILROAD RECEIPTS \$1,250,000

Freight and Passenger Business at Tulsa in March Showed \$350,000 Increase.

OIL MOVEMENT IS HEAVY

Building Materials Coming in Rapidly and Big Outgoing Shipments of Well Supplies.

Local freight and passenger receipts of the month of March for the different railroads in Tulsa show an increase of \$350,000, this being the highest for any corresponding period in the history of Tulsa.

Shipments of oil in March almost reached the record of last September, which was one of the most active months of the war period.

A big increase is shown in the receipts of stone, cement, iron, steel and lumber, indicating that a large amount of building is going on in the city at this time.

There is also a big movement of grain, feedstuffs and vegetables. The daily receipts of one railroad from Kansas City and St. Louis alone averages 25 cars a day.

These records are being made in face of the fact that a great many of the merchants and industries of the city, at the solicitation of the government last summer, put in heavy advance deposits and have been during the last months of December, January and February.

Tulsa has become the distributing center of all well supplies and pipe for the southwest territory and large amounts of cars of fabricated materials are being shipped from Tulsa to Ranger, Muskogee and Wichita Falls. Many straight carload shipments billed to Tulsa, are not unloaded here but are shipped to the desired points to other points.

The monthly freight and passenger receipts of the several railroads in Tulsa are now running around \$1,250,000 a month.

Tulsa Who Returns After Eleven Years Finds Few Landmarks

Instead of "Mother" Hotel, old boarding house, Charlie W. Robinson found The World building. Where the Presbyterian church used to stand, he found the Pioneer Telephone company's building. "The Elks" club, now occupies the site where the "top position" in "Mother" Hotel formerly served, hot waffles and hash.

SWITCH TRACKS FOR SIX NEW INDUSTRIES

Elisco Extends Facilities to Plants Producing 3,500 Tons of Freight a Month.

Indicating the industrial growth of Tulsa is the large number of switch tracks that have been installed for new enterprises by the Elisco railroad since the first of the year. Following is a list of the industries whose increased business requires special switch track facilities:

Kureka Springs Water company, distributing station on the Elisco tracks, between Guthrie and Elisco streets, volume of shipping, 1,000 tons a month.

Tulsa Warehouse company, Elisco tracks and Chicago avenue, new storage warehouse costing \$250,000; volume of shipping, 250 tons a month.

Oil Well Supply company, new material pipe and supply yard, at Elisco tracks and Elisco street, representing an outlay of \$150,000, employing 75 men, shipping volume, 2,000 tons a month.

Elisco (Elco) Supply company, new machine shop and pipe yard, Elisco tracks, near Elisco street, representing an outlay of \$125,000, shipping volume, 200 tons a month.

Additional to Mount Cooper boiler company, Elisco tracks and Elisco street, costing \$50,000, employing 15 men, shipping volume, 100 tons a month.

Oklahoma Lumbering company, warehouse at Elisco tracks and Elisco street, shipping volume, 400 tons a month.

Elisco Extends Facilities to Plants Producing 3,500 Tons of Freight a Month.

WOMEN FORM CHAMBER OF COMMERCE AUXILIARY

ADA, Okla., April 4.—The women's auxiliary to the Ada chamber of commerce has started out with a membership of 117, this number of members being obtained in a two hours' drive here this week, Mrs. Tom Hope, the president of the organization, feels gratified over the outcome and believes the plan will be followed by other towns in the state.

The leaders in the organization make it plain that this body will in no wise undertake to initiate measures or work contrary to the wishes of the men. It is distinctly a subsidiary organization of the chamber of commerce and was formed for the purpose of helping to make Ada better, bigger and a most desirable place in which to live.

AUTOISTS EXONERATED FOR DEATH OF LITTLE CHILD

Special to The World. NORMAN, Okla., April 4.—W. E. Anderson of Lexington was found not liable civilly for the death of a child of M. L. Garrett, who was run over by Anderson's automobile at Lexington two years ago, when a damage suit was tried in district court here. Garrett had sued for \$10,000 damages. The evidence showed that the child fell out of the Garrett car in front of the Anderson car.

MEN'S UNIVERSITY GLEE CLUB STARTS OUT ON TOUR

NORMAN, Okla., April 4.—The men's glee club of the University of Oklahoma will visit seven towns in western Oklahoma on a week's tour beginning Monday, April 6. Concerts will be given at Chickasha, Ada, Muskogee, Mountain View, Hobart, Cordell, Elmer and Mangum.

The club gave concerts last week at Tulsa, Muskogee and Poteau, large crowds turning out at each place.

A male quartet which assists the glee club includes Joseph Benton, Sayre; Dave Hillis, Sapulpa; Lyle Neal, Blackwell, and Elmer Fraker, Cherokee.

Wurttemberg Strike Fails

BERLIN, Thursday, April 4.—The government of Wurttemberg has announced that the strike in that section of Germany has suddenly collapsed, according to a telegram from Stuttgart, and has therefore requested bourgeois counter-strike to resume work.

Accidents will occur, but infection need not

You never know just when it is going to happen. Generally without warning a slip is made—a deep cut, a broken and bruised skin is the result. That's the time to be careful—to guard against infection. There's safety and security in a jar of Resinol Ointment.

Anoint the wound and bandage—it heals twice as fast this way. Resinol Soap and Resinol Ointment used jointly are excellent for the treatment of all skin disorders on limbs, body and face. They work quickly and well.
